New Bremen Marriages

St. Paul's Church: 1835-1922
St Peter's Church: 1845-1934 **Zion's Church: 1866-1926**

Foreword

April, 1996

In the interest of helping others (and myself) to answer that frustating question, "Whatever happened to that woman - who did she marry?", I have copied the information contained in the Marriage card files in the New Bremen Public Library onto my computer and created several new indexes. One is a maiden-name index to help answer the above question. I have also reconstructed the information in chronological order and separated it by churches. I found it rather interesting to see how many marriages there were each year and also which families belonged to which church. There were several marriages that were recorded in two different churches. These took place around the time the new churches, St. Peter & Zion, were established.

There are six marriages which had to have taken place before the people arrived in New Bremen in 1833 or thereafter. Apparently, they registered this information after their arrival and the establishment of St. Paul Church.

I have attempted to include as much information as it is possible to get in one line (hence the small print). In some cases, I have added notes about alternate spellings, previous marriages, etc. I have tried to cross-reference multiple marriages, however there may be some that I missed.

These records were translated and a card index was created in the late 1970's and early 1980's by a group of people (headed by Mrs. Irene Bay) who wanted to provide the information for people who were interested in researching their family trees. St. Paul's records were recorded in German script through 1922, St. Peter's through 1934, and Zion's through 1926. (After having spent considerable time copying these files into my computer, sorting and editing the information, printing it out and compiling this book, I have a renewed appreciation for all the many hours spent translating, copying and typing by those who worked on this project with Mrs. Bay.

I hope you will find these indexes helpful in doing your research. You may want to consult the card files to see if there is more extensive information about birthplaces, etc. If you have corrections or other information that would be helpful, feel free to let me know.

THE FOLLOWING ARTICLE IS RE-PRINTED FROM THE SUMMER - 1980 ISSUE OF "THE TOWPATH":
(with some modifications)

GENEALOGY NEWS

(Irene Bay)

A library file has been purchased and will soon be placed in the Public Library for use by those who are interested in tracing their "family tree" if they are related to those who lived in early New Bremen.

For the past three summers before this, various individuals under the direction of Mary Wint, former Chairperson of the Genealogy Committee, have worked on cemetery surveys. Data off all the tombstones in the cemeteries of German, Washington, and St. Marys Townships have been copied and included in this file. Individuals who helped were:

Irene Bay, Ken Ahlers, Cindy and Kim Bushman, Rosemary Heitkamp, Robin Hellwarth, and Jill Wierwille.

Such material is most important in proving genealogy in that those people have really existed at one time and in a specific place.

Various churches in town have made their records available to the committee. It was found that St. Paul's death records dating from its founding in 1834 are written in German script through 1922. As in any language, there are good scribes and bad, and each minister had his own style of keeping records.

Since St. Paul's books were in German, they required **translators** with a knowledge of the language and scriptwriting. Those who performed this duty were the following to whom thanks are due for their countless hours of work:

St. Paul's Church: Amanda Hirschfeld, Hilda Klute, Hermina Obringer, Alma Reiselt, Lendor Sollman, Rosemary Heitkamp, and Cheryl Hehr.
St. Peter's Church: Amanda Fark, Dorothy Harlamert, Bernice Ludeka, Wilhelmina Niekamp, and Olga Paul.
St. Paul, Zion, and Faith Alliance: Irene Bay helped as a translator and also typed index cards.
Other typists: Mary Wint, Rosemary Heitkamp, Susie Hirschfeld, and Betty Schroer.

These indexes include: Dates of Birth/Baptism, baptismal sponsors and parents; Dates of Death, sometimes also listing parents, spouse, date and place of birth, age and place of death; Marriage Records, listing names of both spouses, sometimes parents' names, and sometimes the names of witnesses. There is also a file of obituary accounts copied by Rosemary Heitkamp from "The New Bremen Sun" newspapers from 1888 to 1910 which include other family facts.

Anyone wishing genealogy information from material in this file may have it by sending a large stamped, self-addressed envelope along with a list of the information wanted to:

The New Bremen Historic Association, P.O. Box 73, New Bremen, Ohio 45869, c/o Genealogist.
No charge is made, but a donation to cover the costs of copying, etc. would be appreciated.

FROM THE MAY/JUNE, 1982 ISSUE OF "THE TOWPATH":

GENEALOGICAL RESEARCH IN NEW BREMEN

Mrs. Clifford (Irene) Bay - April, 1982

Church and cemetery records are most useful in locating past residents. Cultural trends of family size, use of names, and types of occupations can also be seen. The epidemics or disasters become obvious, such as 1849, when 150 of the 700 St. Paul members died from cholera, scarlet fever, or measles in that one year.

However, the process is not so simple as just looking up a name or date. Names may be spelled numerous ways and the same name may be used several times in the same family. Certain years require translation from German script and a magnifying glass is needed at times to read poor copy.

Three kinds of records are now available on index cards at the library - Birth/Baptismal, Marriage, and Death. All are filed alphabetically by name.

BAPTISMAL RECORDS:

Babies were frequently given four to six names (perhaps in expectation of inheritance). The trend dropped to two names and then went back to four again. Early records indicate large families, with births numbering 118 to 119 per year at St. Paul. Later records dropped to 45 a year. Two interesting notations were that the birth took place "at sea" or "near Baltimore" as the people traveled to this area. Listed in the baptismal records are names of baby, parents, and sponsors. Sometimes the place of birth is included.

MARRIAGE RECORDS:

Occasionally, marriages took place between the same families, with two brothers marrying two sisters, or brother/sister marrying sister/brother. Besides the names of the bride and groom, their birth place and parents' names may also be included (through 1848). Starting again in 1898 and continuing through 1907, the parents' names were again listed, along with the witnesses.

DEATH RECORDS:

Cemetery records list name, birth date, death date, and sometimes age. No records are available for people buried in church-yards or family plots. As of 1865, however, Village Council ordinance stopped burials in town, and German Protestant and Willow Grove Cemeteries were established. The index of church records lists birth date, death date, and sometimes place of origin, cause of death, spouse, parents, or children.

INDEXED RECORDS

RECORD	PERIOD	BIRTHS	MARRIAGES	DEATHS
St. Paul's Church	1834-1922	6,063	1,800	3,200
St. Peter's Church	1844-1915/34		(1845-1934)	
Zion's Church	1865-		(1866-1926)	
Faith Alliance Church	7/7/1907?-			
Holy Redeemer Church	1872-1892 & 1948- (still searching for records)			

CEMETERIES

German Protestant, Willow Grove, Plank Road (New Bremen)
Elm Grove, Gethsemane, Dohse, Benner (St. Marys)
Pilger Ruhe, Methodist, Evangelical, & 2 by N.K.Cement/Tile (New Knoxville)
